Sanderson

Upholstering Sanderson fabrics...

We are proud to offer our customers Sanderson fabrics on any of our ranges. Sanderson are internationally renowned for their quintessentially English fabrics and interior design. They have been granted the Royal Warrant and still supply fabrics, paint and wall coverings to the Royal Family. Visit Sanderson's website for fabric details, or contact a member of our sales team.

British manufacturers...

We are proud to announce that we are Full Members of the British Furniture Manufacturers trade association. We are the only Cane and Rattan Furniture Manufacturer to be members of this prestigious organisation. The BFM have been representing British furniture for over 60 years and only British Manufacturers of the highest quality are invited to become members.

Environmentally friendly...

Our furniture is made up using only the finest Cane and Rattan found in South-East Asia. Cane and rattan need the rainforests and jungles to grow as it is a creeper and needs to wrap itself around trees and other vegetation, it encourages the communities that harvest this material to preserve the rainforests and jungles in which they are found. Cane and Rattan can be fully grown and harvested within two years, compare that to the 20-30 years for some hardwoods and you can see why rattan is one of the most sustainable materials to use in furniture manufacturing.

Original designs...

The Cane Industries (UK) Ltd. is proud to be a member and support the aims and objectives of the trade organisation ACID (Anti Copying in Design). Which encourages design talent and developing fairer trade in design.

A MEMBER OF
ACID
ANTI COPYING IN DESIGN

All copyright, design rights and intellectual property rights existing in our designs and products and in the images, text and design of our website / marketing material are and will remain the property of The Cane Industries (UK) Ltd. We will treat any infringement of these rights seriously.

Why Cane and Rattan?

The furniture you chose to put into your conservatory, orangery, summer room, etc. will have to be up to the challenge these variations in temperature, humidity and light conditions present and must be robust enough to deal with them whilst being comfortable, practical and good looking in your home.

Our furniture is made with the ideal material for your conservatory

- It's a natural material that is flexible enough to expand and contract with the temperature changes.
- It's strong and hard-wearing.
- It is not sensitive to humidity unlike the hidden wooden frames of some furniture.
- Our cushions on all our ranges are removable for cleaning and replacement.
- We manufacture all the upholstery for all of our ranges and can supply replacement cushions and covers many years after you have purchased your suite.

With our furniture you will be able to get many years of enjoyment out of your conservatory all year round without any problems that can be posed by this harsh environment. You also have the knowledge that with our replacement cushion service, after many years you will still be able to refresh and update your furniture at a much smaller cost than if you were to buy a whole new suite of furniture.
